

- A. New Classrooms
- B. New Bathrooms
- C. Storage / Work Stations

# Why We Are Building

Our current projections for the next 3 years show that our incoming class sizes will be large enough to warrant split classes. Based on these projections and the steady growth of families and class sizes that we have experienced for the last 15 years, our current building will not have enough classrooms by 2019.

	Elementary Classrooms									Junior High Classrooms				Future Building
Room # →	1	2	3	4	5	6	7	8	9	10	11	12	13	
2016-2017	Ka Kb	1	2A	2B	3A	3B	4	5	Spare	6	7	8	Spare	
2017-2018	Ka Kb	1A	1B	2	3A	3B	4A	4B	5	6	7	8	Spare	
2018-2019	Ka Kb	1A	1B	2A	2B	3	4A	4B	5A	5B	6	7	8	
2019-2020	Ka Kb	1A	1B	2A	2B	3A	3B	4	5A	5B	6A	6B	7	8

If all the incoming Kindergarten classes are split, Adams will need additional classrooms ready to go by **August 2019**.

# Update on Recent Project

In the spring of 2013, we launched the capital campaign drive for our Phase IV addition and renovation of our school. By God's providential care and His blessing of our constituency, our school was able to raise \$1.4 million dollars without incurring any long term debt. Without incurring debt, we have enabled our school to operate a budget that addresses our immediate needs and plans for future needs. We give thanks to our gracious Father.
